LANDSCAPE Design & Construction

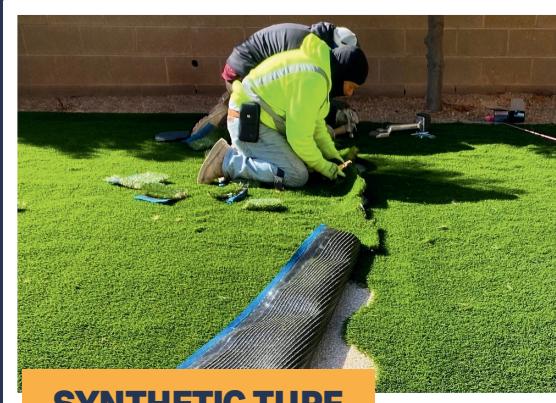

First Choice Tree Service's Landscape Design & Construction Department has proudly served the Southern Nevada area since 2012. Our dedicated team brings a hands-on approach to every project, guiding you from initial design concepts to the final touches of your landscape transformation.

Already have a design?

We can manage your project and handle the installation seamlessly. With over 100 years of combined experience in both commercial and residential landscaping throughout the Las Vegas Valley, we are equipped to handle projects of any size. Whether you need new plants, trees, and shrubs, irrigation systems, mulch, soil, or turf, we've got you covered. We also specialize in desertscapes, hardscapes, and grass conversions, ensuring your outdoor space meets your vision and needs.

Call today!

SYNTHETIC TURF

Synthetic turf is the ideal grass alternative for any landscape project. We do new installations and conversions, while having access to the most natural-feeling and built-to-last synthetic grass designed for any purpose or style. Let us design and install your dream landscape.

HARDSCAPING

We can install a variety of hardscaping features, such as patios, pathways, retaining walls, and outdoor fireplaces, to enhance the beauty and functionality of your outdoor space. We can also enhance your existing space. Call us to learn more!

SOFTSCAPING

We can plant a variety of trees, shrubs, flowers, and other plants to add color, texture, and depth to your landscape.

LIGHTING

Our landscape team can also design and install professional outdoor lighting to beautifully highlight your landscape after sunset. Thoughtfully placed lighting enhances curb appeal, improves safety, and lets your property shine long after nighttime falls.
